Date for the Prom

- You don't really need one but ask someone if you want to.

Pre-Prom Party

- Arrange where and when to meet with friends.
- Agree who needs to bring what.
- Allow time for proud parents to take a million photos - this is a big night for them too!

Night before Prom

- Try on everything together. Make sure it all works - no VPL's, no bra straps, no hairy white legs. Get an early night!

Prom Day

- Keep calm. You are well organised and are going to look sensational tonight.
